

Nathan K. Nelson

Nathan Nelson has been a U.S. Bank team member for over 11 years. Nearly all of this time has been spent in Fraud Investigations and Risk Management. He manages two teams of Fraud Analysts. One handles Credit Card Acquiring (Elavon) and the other handles various areas of External Banking Fraud. He is currently pursuing his M.B.A. and CFE certification. (By the time we have this meeting I should have passed the tests, I can update accordingly). Nathan started his U.S. Bank career in Corporate Collections before moving to Loss Prevention, and now managing teams with more direct exposure to BSA and AML regulations.

Outside of work, Nathan enjoys the outdoors in the forms of hiking, mountain biking, camping, kayaking, and fishing, most of the time with his family of wife and two children.
